HOW TO USE YOUR PLANER BOARD RELEASE

Attach the quick clip to the planer board tow line, then place the fishing line in the release and let the release slide down the tow line toward the planer board. You can spread up to 6 lines over a 150 foot area with a good planer board rig.

PAD CARE - For long storage, place a piece of cardboard between the pads to keep them from sticking together or being pulled off. Use ORRP8 replacement pads.
