OR3 LIGHT TENSION PLANER BOARD RELEASE AND QUICK CLIP, WHITE

"Often Imitated, Never Duplicated!"

This release has a light tension spring designed for multiple surface trolling off of dual and triple planer boards with monofilament line. You can adjust the tension further by placing the line deeper into the pads, thus adding more resistance.

MADE IN THE U.S.A.

HOW TO USE YOUR PLANER BOARD RELEASE

For long storage, place a piece of cardboard between the pads to keep them from sticking together or being pulled off.

Use ORRP8 replacement pads.

Attach the quick clip to the planer board tow line by choosing one of the circled set up options below, then place the fishing line in the release and let the release slide down the tow line toward the planer board until it reaches your desired location. You can spread up to 6 lines over a 150 foot area with a good planer board rig.
